SERVICES

TRAINING & TRANSFORMATION
CYBER AWARENESS EXPRESS

LEAD WITH CONFIDENCE, SECURE WITH PURPOSE

In a world where cyber threats evolve daily, even a single uninformed click can expose an entire organization. Arista Cyber's Cyber Awareness Express is a concise, one-day training designed for individuals and teams who want a clear, structured start to their cybersecurity journey. It cuts through the noise of complex terminology to deliver essential, actionable insights that strengthen awareness, build confidence, and improve readiness across all levels of your organization.

KEY BENEFITS

- **Fast, Focused, and Practical**: A one-day session packed with the most critical cybersecurity fundamentals.
- **Bridges the Knowledge Gap**: Transforms confusion into confidence by simplifying complex concepts.
- **Real-World Relevance**: Uses actual case studies, breaches, and lessons learned from both IT and OT environments.
- **Actionable Outcomes**: Participants leave with clear steps to improve cyber hygiene and reduce risks.
- **Tailored to All Roles**: Perfect for professionals, engineers, and/or managers new to cybersecurity.

DELIVERABLES

- One-day leadership workshop led by senior cybersecurity consultants.
- Overview of the global threat landscape and its implications for business continuity and reputation.
- Discussion of key attack trends, including ransomware, insider threats, and supply chain vulnerabilities.
- Review of organizational cybersecurity roles and responsibilities for leadership teams.
- High-level introduction to risk management frameworks, incident response strategies, and regulatory expectations.
- Executive summary and action checklist to guide post-training improvements.
